Welcome to Your Public Library

We have a library around here.
You are always welcome to drop by.
You can spend your spare time there.
Or meet your friends.

It's completely free.

The library is also equipped with computers.
You can use them for work or to browse the Internet.
A wireless Internet connection is often available as well.

You can learn German on the computer.
In the library, you can read newspapers in your native language online.

This also works on your mobile phone.

You can check out books, films and music for both children and adults.

E-books in various languages are available, too.
For many of these things, you will need a library card!

How does it work?
Ask the library staff!
